

**5th-9th September - Week of change** - expeditions to collectives and alternate practice projects in **Berlin and Brandenburg/ 10th-13th September - Congress** on Solidarity Economy and Transformation at **Technical University Berlin**

**The Organizers of the Solikon are:**

**+ more than  
60 cooperation partners  
(foundations, enterprises,  
initiatives, media,  
projects etc.)**

**Registration:**

You can register on our website [www.solikon2015.org/en/registration](http://www.solikon2015.org/en/registration). We would be happy if you register and pay as soon as possible, so we can handle finances and planning. The recommended cost contributions for the full Congress are:

- 95,- € Solidarity-Contribution
- 55,- € cost-covering fee and
- 30,- € reduced fee.
- 10,- € day fee: only for Thursday September 10 (regional day) possible.

All contributions will be used for the organization of the Congress. All rooms are barrier-free and accessible. If you have any further questions on the features of the Solikon2015 Congress, please write to: [info@solikon2015.org](mailto:info@solikon2015.org). The Week of change registration started separately and is based on donation.

**About the catering at the Solikon:**

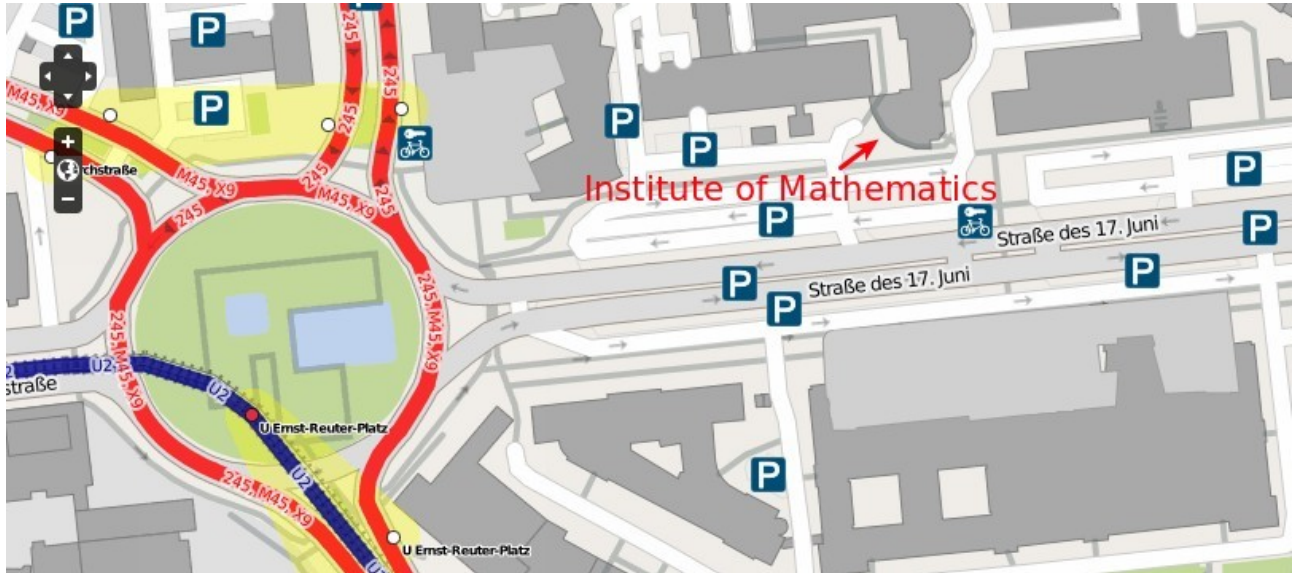

Hot and cold beverages, cakes and small snacks will be available at our Café. Small coffee supply stations will be located at different spots within the building. A vegan and warm catering for lunch and dinner will be organised by LeSabot and Food4Action.

### **Cultural program at the Solikon:**

There will be different bands playing music at the Solikon, a Solikon-Cinema, a bar on the meadow behind the building, a book corner with a place to exchange books, interactive workshops etc.

### **How to get there:**

You can get to the Institute of Mathematics of the Technical University Berlin (Straße des 17. Juni 136, 10623 Berlin) with the Underground U2 to the station Ernst-Reuter-Platz.

### **Support the Solikon:**

A conference like this simply cannot solicit funds from the industry, as the so-called free economy is exactly what we need to overcome. We found cooperation partners who support us financially and structurally. But despite the lively encouragement there is still no budget for all the things that make up a congress of solidary coexistence: low participation fees, interpreters to remove language barriers, lunch, childcare, voluntary helpers at the Solikon etc.

If you want to support the congress, we look forward to your contribution to the following account.
